

### ***Our Spirits Philosophy***

*Having started as a Wine Bar, we like things we can sip. We like drinks that are aged and continue to develop inside the bottle...ones with character that stand on their own. Ones you can compare side by side and appreciate what makes them the same and different all at once. And, of course, drinks that pair well with food because we believe well paired food only makes what you are drinking better.*

*Our Spirits Philosophy follows this course and leads us to Whiskey. As with wine, whiskey changes with age and picks up the flavors of the barrel. And like wine, the complex flavors in whiskey enhance the food on your plate. We have created our selection of Bourbon, Scotch and Rye in the same way we created our wine list...with a great deal of care, focusing on quality and diversity so that we can satisfy every palate in the house.*

*We have also created our handcrafted cocktail list around wine and whiskey. Each cocktail has a wine or whiskey component...or in some cases, both. Limiting your core ingredients when crafting cocktails can be challenging, but in the hands of a skilled bartender, can produce cocktails you won't find anywhere else.*

*Feel free to ask your bartender or server for tasting flights of any of our whiskeys. You will find that we approach whiskey exactly the same way we approach wine. Explore and find what you like...and when you find what you like, don't stop there. Keep looking and keep exploring because you never know what surprise lies waiting for you.*

## WHISKEY FLIGHTS

themed tasting samples to compare and contrast  
¾ oz tastes per whiskey

### Identity Crisis – Mixed 16

#### Woodford Bourbon | Bulleit Rye | Glencadam 10 Year

*Are you just getting started with whiskey and want to find out your preference: Bourbon, Rye or Scotch? The main difference is the grain used: corn vs. rye vs. barley. This flight will help you establish your whiskey identity.*

**Cheese & Charcuterie Pairing:** Ciccicoli or Landaff by Jasper Hill

### Against the Grain – Bourbon 15

#### Elijah Craig (High Corn) | Larceny (Wheated) | Four Roses Small Batch (High Rye)

*By law Bourbon must contain at least 51% percent corn in its mash, but what makes up the other 49 percent? Rye, Malted Barley and Wheat are all used in combination to create unique bourbon expressions. The following whiskies take you on a tour of standard, wheated and high rye bourbons.*

**Cheese & Charcuterie Pairing:** Tasso Ham or Zimbrow Casa Lusa

### Ryes to the Occasion – Rye 16

#### Michter's Rye | Templeton Small Batch | High West Double Rye

*The subtle difference in the taste of Ryes are based on the percentage rye (70%/ 80%/ 98% respectively), the location of the distillery and the distillation process (traditional pot distillation vs. modern distillation that is filtered more).*

**Cheese & Charcuterie Pairing:** Rabbit Pate or Ossau-Iraty

### Age Dilemma – Scotch 24

#### Caol Ila 10 Yr | Macallan 12 Yr | Oban 14 Yr

*Aging has a big impact in flavor profile. Younger scotches tend to have more of a strong, firm palate, while older selections get smoother, adding layers of fragrance like cinnamon, clove, and peat.*

**Cheese & Charcuterie Pairing:** Rilletes or Cabricharme

### Hop Scotch – Single Malt Whiskey 25

#### Westland Sherry Wood | Kaiyo Mizunara | Connemara 12

*It's not a real scotch unless it's made in Scotland. Or is it? Well, the Americans and Japanese take exception to that and here's their response. The water in each country ultimately makes the difference in flavor. See for yourself.*

**Cheese & Charcuterie Pairing:** Midnight Moon & Ciccicoli

## WHISKEY VERTICALS

different expressions from the same master distiller  
¾ oz tastes per whiskey

### Whistle Pig – Rye 42

#### 10 Year Straight | 12 Year Old World | 15 Year Straight

*One rye is 100 proof and aged in bourbon barrels. Another is 86 proof and aged in 63% madera, 30% Sauternes and 7% Port barrels. The third rye is 92 proof and aged in new Vermont oak grown on Whistle Pig's property. Can you tell which is which?*

### High West – Mixed 16

#### American Prairie | Double Rye | Campfire

*One master distiller playing with all 3 grains (corn, rye and barley). One is a bourbon, the other rye and the third, a blend of bourbon, scotch and rye. It takes a distiller from Utah to do something crazy like that.*

### Compass Box – Scotch Blend 25

#### Hedonism | Great King Street | The Peat Monster

*Compass Box is an American distiller that went over to Scotland using the highest American standards for whiskey making (don't tell that to the Scots). These 3 expressions of scotch range from smooth to smoky/peaty.*

### Wright & Brown – Mixed 24

#### Bourbon | Rye | Cask Strength Rye

*From local Oakland producer Wright & Brown, this distillery became Oakland's first since Prohibition! Specializing in non-GMO grains (local and organic when possible) these guys do all the right things with their classic interpretations.*

### Angel's Envy - Mixed 70

#### Bourbon | Rye | Cask Strength

*Legendary distiller Lincoln Henderson's final project before his passing, Angel's Envy exemplifies traditional Bourbon with a modern twist.*
